### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Andy Grubert on 24 NOV '08.

The application has been amended as follows:

In claim 69, line 26, delete "r" and insert - - or - -.

The following is an examiner's statement of reasons for allowance: The prior art fails to disclose applicant's method of inserting a notification message into a Wireless Application Protocol (WAP) push message, and the WAP push message is inserted into a short message service message, with the short message being sent on the instruction of the multimedia message service center from a short message service center. Neither does the prior art teach a multimedia message service center that transmits information about a multimedia message stored at the multimedia message service center to a further multimedia message service center. Neither does the prior art teach that a wireless terminal will verify the dial-in information before accessing a multimedia message. No obvious combination of references found would have taught one of ordinary skill in the art to make and use applicant's method as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to CREIGHTON SMITH whose telephone number is (571)272-7546. The examiner can normally be reached on 5-4-9.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, fan tsang can be reached on 27548. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
